Lyceum Attraction.

The next attraction on the Lyceum course will be given Saturday evening at the tabernacle. N. C. Hanks "The man who laughs at fate," will appear in one of his high class recitals. The greatest attraction in our city at present is a large shipment of pure bred short horns, which were brought in Tuesday by William C. Mitchell, who went to Oklahoma to buy them. In addition to these, a pair of pure-bred Poland China hogs and a Percheron colt were shipped in. All who have seen these animals are loud in their praise of Mr. Mitchell's selection of animals, and already some sales have been made.

Several members of the Mutual Improvement Associations are rehearsing for a play, which will be presented plenty of work engaged ahead. during holidays, for the benefit of the Mutuals. The play is under the direction of Mrs. Pearl A. Decker. "Between the Acts," a comedy of merit, will be presented by the following: H. Warren Dalton, Winston Dalton, Taylor Miller, Lawrence Miller, Pearl Rose, Pearl A. Decker and Mary B. Orton. They expect also to present "Young Mrs. Winthrop," a popular play written by Bronson Howard. W. L. Adams, and Pearl A. Decker will play the leading parts.

After the morning services at the Presbyterian Church Saturday, several of those present remained and discussed the repairing of the old church, as it was found impossible to build a new one this year, but it is the expectation to build next year. The discussion resulted in all going down in their pockets and donating generously. Dr. Green was appointed chairman of the soliciting committee and was instructed to order the roofing at once. It is expected that a the interior made more inviting before of the 106th Psalm.

Lund, Utah, Nov. 3, 1915.-Editor Morris Lyman of Parowan and Miss Iron County Record: I am distressed Leone Jones of Enoch were married by the publicity given me in The Recat the home of the bride last week, ord. I intended to answer the first article, but other matters crowded me so that I neglected it.

In thte first place, I don't lie in bed all day to keep warm or for any other pounds, at the home of Frank Norris, reason. My boy with me is nine years of age on the 16th of next January. My next child is a girl of 61/2 years. They get up all the sagebrush wood ve need to keep warm. I suffer reatly at times, but I still have hope hat I may improve. We came here bout the last of March, 1915. I grew vorse during the first three months, To satisfy some, I will tell just how

nuch help we have received, as the ast article in The Record said, "We nave helped them out right along." Before my husband left for Califor-'or \$20 which has been paid in full. Our horse wandered off and died, ve think, so we have had no use this summer for our farming tools. These loaned to three different homesteaders. One borrowed a harness, cultiator and post-hole digger, for the use of which his wife did my washing for a few weeks. Another used our plow, louble harness and a half dozen smaller tools a part of the summer, and in return the wife of this hometeader took care of my four-year-old girl a part of the summer, and made

1 few new clothes for her. To one kind neighbor I loaned a buble-barrel shot-gun and a water parrel, for the use of which he someimes does an odd job and gives us a rabbit now and then.

Now in some way reports have been rirculated that the favors all came my vay, which is not true. I believe they have had "value received" at least. If not, they should have come to me with complaints. Those who have helped me not expecting anything in eturn, I will here name: Mrs. Root of Lund, Mrs. Southwick, Mrs. Klussnan, Mrs. Booth and Mrs. Doolittle, each gave small items of food or of clothting.

Dr. Green was the means of our cetting by subscription or otherwise some \$12.00 worth of groceries and a few clothes. Mr. Leigh sent a small oad of cedar wood, which Mrs. Carter's boys and a Hammond boy cut for us. Mrs. Carter sent us groceres to the value of \$1.25, or such a matter, and I loaned her boys the britle and reins to our single harness.

This is the extent of the help that we have received and I take this opportunity to thank those who have helped, for their kindness.

My sister sent me a little money and said that if she could get some money she had tied up she would help me some more. My husband and his folks have provided everything else we have had. We can get along nicely now without further help. Both my husband and my oldest boy have recovered now from typhoid, for which we are very happy. My husband has

We hope to boost for Iron county some day. We like it here and hope to be able to prove up on our homestead in due time.

When I am able, I will give \$13.50 to some worthy but suffering family in Iron county, but will not send their name to be printed.

Mr. and Mrs. Andelin, the famous Utah aitists, will appear in Cedar City tabernacle on Monday, the 6th inst., under the auspices of the M. I. A. organization of this stake. Mr. Andelin's voice has greatly improved since he was last here. At that time he could sing low "C" without difficulty, which seemed wonderfully low, but this season he is singing two notes lower, which gives him the title of the lowest bass singer in the world. His voice is also higher and under better control. Mrs. Andelin has also improved wonderfully and s, without doubt, a real artist.
